

Meeting #1 – NOTES

-2 deliverables:

1. PDF report with all areas + GitHub website link + GitHub repository link
2. GitHub website + repository (Team: will need two links as in Assignment 1)

-Must link all our individual assignment 1 GitHub Pages links to websites onto MS Teams so we can refer to it.

-First three parts of Assignment – Team Profile, Ideal Jobs, and Tools (GitHub Team Website) – all due Sunday evening/night/by Meeting 2.

-Team Profile to be a Google Doc – collaborated on by everyone – each person to provide a paragraph.

-Ideal Jobs to be a Google Doc – collaborated on in pairs – Wendy and Thao

-GitHub Team Website to be set-up by Natanya/Martina (initial repository set-up) and collaborated on by everyone throughout

-Interview finalised with IT professional – for Thursday evening next week (29th April 2021) – Zoom meeting – Martina and Natanya will finalise the questions for interview but everyone will attend the interview.

-On-track for IT Technologies. Check back in around Meeting 3 (next Tuesday).

-Meeting 3 will be next Tuesday 27th April after class/during class 2.30pm-4.30pm.

-Next meeting (Meeting 2) will be on Sunday 25th April night (around 5pm) and we will cover Industry Data.

-Finalised Project Idea: **second project idea on our main Google Doc** (linked in the General Channel as a post)
